Workshop Description:

A wide variety of proven strategies will be discussed for engaging all year students in an exciting initiative which is an extension of good teaching practice.

Possible project topics will be discussed, with actual completed projects made available for perusing as well as the marking rubric that will be used to assess the projects.

The conditions for submission at State and National judging level will be clarified.

The Junior Secondary Mathematics Enrichment Project is supported by the Department for Education, enabling MASA to award generous prizes. SAMTQ is sponsored by MASA and prizes are awarded for each category for all year levels.

For seating, materials and catering, please register by Thursday 6th May, 2021
